 [Yasmin Khalid](#)  [YasminKhalid](#)  [Online portfolio](#)

FULL STACK DEVELOPER • REACT, NODE.JS, TYPESCRIPT • SCALABLE WEB & MOBILE APPS

Summary

Frontend-focused developer with experience building [responsive, data-driven web and mobile apps](#) using [React](#), [React Native](#), [TypeScript](#), and [RESTful APIs](#). Skilled in developing intuitive, high-performance interfaces with attention to detail and accessibility. Additionally possess [backend experience](#) and eager to grow into [full-stack](#) roles. Comfortable working and collaborating across cross-functional teams and constantly seek to improve code quality, architecture, and user experience across the stack.

Work Experience

Mobile Developer Intern

Millennium Radius Sdn Bhd @ Setiawangsa, Kuala Lumpur

March 2025 - present

- Contributed to a [Business Intelligence dashboard](#) for iPad/Tablet, designed for board-level executives.
- Built responsive, high-performance UI components using [React Native Paper](#), [Expo](#), and [D3.js](#) for real-time data visualization.
- Worked in a [cross-functional Agile team](#), participating in daily standups and sprint planning to deliver real-time features via [JavaScript-based RESTful APIs](#).
- Assisted in [debugging and performance optimization](#) for both mobile and web platforms.
- Used [Git](#) and [GitLab](#) for version control, [CI/CD](#), and [peer code reviews](#).
- Collaborated with data engineers on [ETL pipelines](#) using [AWS Glue](#) and [Python](#) to ensure accurate data ingestion and quality checks.
- Performed [data profiling](#) and [anomaly detection](#) in [Jupyter Notebook](#) using [Pandas](#), [NumPy](#), and models like Isolation Forest, validating distributions via statistical tests.
- [Automated data quality reporting](#) and [integrated scheduled email](#) delivery through the company's SMTP server, saving analysts ~6 hours per week and accelerating executive decision-making.
- [Co-designed a bookmarking feature](#) that improved executive efficiency and contributed to cost savings by streamlining frequent data access.
- Gained hands-on experience in [end-to-end mobile/web development](#), from prototyping to deployment.

Education

[Bachelor of Information Technology \(Hons.\) in Software Engineering - second class upper](#)

Universiti Kuala Lumpur Malaysian Institute of Information Technology

[Diploma in Computer Science - second class upper](#)

MARA Professional College

Skills
